

THE NH TRAINING INSTITUTE ON ADDICTIVE DISORDERS

Presents:

ENHANCING GROUP WORK SKILLS FOR COUNSELORS

with **Michael Gaudet, LICSW, LCDP**

A 6 HOUR TRAINING EVENT ON FRIDAY, NOVEMBER 13, 2009

8:30 a.m. – 3:30 p.m. (registration begins at 8:00 a.m.)

at Dr. Thomas Fox Memorial Chapel, Main Bldg., 105 Pleasant Street, Concord, NH

DESCRIPTION OF THE PRESENTATION: Counseling in groups has long been established as the most effective milieu for the treatment of people with substance abuse disorders. Yet, many counselors have had to provide group intervention without proper preparation and training. The results can be discouraging to say the least. This one-day workshop will explore group developmental and interaction dynamics with specific attention given to the implementation of groups with substance abusers. Attention will be given to techniques and approaches that will enhance the group experience for both the client population and the clinician. Objectives: Participants will be able to state the stages of group development and interaction dynamics. Participants will be able to distinguish the different types of group and their relevance to the phases of substance abuse recovery. Participants will role-play three exercises that can be used in the context of group work with substance abusers as a means of encouraging recovery efforts.

CPS Category: Prevention Practice and Theory

LADC Performance Domains: II Category of Competence: 3, 6, 7, 15 & 18
