

THE NH TRAINING INSTITUTE ON ADDICTIVE DISORDERS

Presents:

ACUDETTOX

with Laura Cooley

1 HOUR WEBINAR TRAINING

PRESENTATION: A five-point ear acupuncture treatment is used around the world, beginning in the early 1970's, and initially for detoxing from methadone. Now expanded for use in behavioral health, including addictions, mental health, and emotional and disaster trauma, NH professionals can now be trained and certified to utilize this protocol. Dr H.L. Wen in Hong Kong discovered the opiate withdrawal symptom alleviation, and creative community members developed what is now known as the NADA protocol, or Acudetox. As Lincoln Recovery Center in the Bronx experimented with learning and using acupuncture for addiction treatment, its role in sustaining recovery over the long term proved more important than alleviation of withdrawal symptoms. The larger impact of facilitating wellness has resulted in the opportunity to design and implement Acu Wellness Centers in NH, to create non stigmatizing opportunities for the citizens of NH to obtain a simple treatment that alleviates withdrawal symptoms, depression, anxiety, insomnia and can facilitate clarity and balance often hard to find for our neediest citizens. As a result of this training participants will:

- Learn what Acudetox is and what it's value is;
- Become familiar with how the safe application of 5 point ear acupuncture treatment and the protocol for successful integration.
- Understand the law that allows the use of AcuDetox by those trained in the National Acupuncture Detoxification Association (NADA) for the purposes of Behavioral Health in NH.

PRESENTER: Laura Cooley, LAc, is a licensed acupuncturist and Registered National Acupuncture Detoxification Association (NADA) Trainer. She received her acupuncture and Chinese herbal training through a 4-year apprenticeship in Austin, Texas. Nationally certified in acupuncture (NCCAOM), she holds licenses in New Hampshire and Vermont. Laura is trained in Somatic Experiencing; a nervous systems based trauma resolution therapy, and Hakomi, a body-centered, experiential psychotherapy. As a NADA Trainer, she has trained over 700 professionals in the use of acudetox. In private practice for 10 years, she was also the coordinator of acupuncture services for the HIV Wellness Center in Austin, Tx. Volunteering after 9/11, Katrina, and the Gulf Spill using acupuncture in disaster work led to making a film on St Vincent's program acupuncture in lower Manhattan post 9/11. She has facilitated a number of laws in states to allow for non-acupuncturists to provide acudetox.

Fee: *NHADACA Members: Free *Non-Members \$15; 1 NBCC hour included

For registration information contact: NHADACA, 603-225-7060, traininginstitute@nhadaca.org

1 Contact Hour Available

Certified Prevention Specialist Domain: 6

NH Training Institute on Addictive Disorders

Title: Acudetox
 Presenter: Laura Cooley
 Date: On Demand Webinar

Please indicate your primary role in the workforce:

- AOD Prevention
- AOD Treatment
- Intervention (i.e. impaired driver programs)
- AOD Recovery

- Mental Health
- Primary Care
- Public Health
- Other (Please specify) _____

Please rate your experience at today's training:

	Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree
1. The trainer was well prepared & demonstrated mastery of the topic.					
2. The trainer held my attention.					
3. The information was effectively and clearly presented.					
4. The purpose & goals of the activities and materials were consistent with objectives.					
5. The training met its stated objectives. Participants will be able to:					
<ul style="list-style-type: none"> • Learn what Acudetox is and its value; • Become familiar with how the safe application of 5 point ear acupuncture treatment and the protocol for successful integration • Understand the law that allows the use of AcuDetox by those trained in the National Acupuncture Detoxification Association (NADA) for the purposes of Behavioral Health in NH; 					
6. The webinar offered quality information.					
7. The webinar met my personal and/or professional needs.					
8. The webinar enhanced my knowledge/skills in this topic area.					
9. I expect to use information gained from this training.					
10. Timeline of course adhered to the advertised time, and credits awarded					
11. Training support was helpful and accessible.					
12. Course appropriate technology was used to support learning.					

What could be done to improve this training? _____

My overall experience with this training was? _____

How many NHTIAD training events have you attended in the past year?

What topics would you like NHTIAD to offer? _____

Please email your completed quiz and evaluation form to traininginstitute@nhadaca.org and allow 21 business days for receipt of your certificate. Call 603-225-7060 with any questions regarding this process. Thank you!
