

# THE NH TRAINING INSTITUTE ON ADDICTIVE DISORDERS

Presents:

---

## MEDICATION ASSISTED TREATMENT

---

with Mike Gaudet LICSW, LCDP

1 HOUR WEBINAR TRAINING

**PRESENTATION:** Historically there has been a disconnect between the use of medication in substance abuse recovery and the abstinence-only philosophy often associated with the disease model of addiction. This course will explore the attitudes, current medications and trends, appropriate candidates for medication assistance and the role of the clinician in working with medication-assisted clients. Objectives:

- Participants will be able to state no fewer than three medications that are approved in the treatment of substance abuse recovery.
- Participants will be able to identify no fewer than three strategies for effective counseling intervention.
- Participants will be able to identify attitudinal challenges that present with the use of medication in.

**PRESENTER:** Michael Gaudet LICSW, LCDP earned his undergraduate degree in 1981 at Bridgewater State College and his MSW from Rhode Island College in 1984. He is currently the Director of Quality Assurance for eleven outpatient mental health and substance abuse programs in Massachusetts, with a primary office at Arbour Counseling Services, Norwell, MA, and is a surveyor for CARF International. He has extensive clinical and supervision experience in mental health and substance abuse treatment. Mr. Gaudet trains and consults across the country on clinical and professional growth topics, and, since 1986, is a faculty member of the New England Institute of Addiction Studies. He has been involved in several projects designed to advance the use of medication in substance abuse recovery, including the use of Methadone, Buprenorphine and Vivitrol, through the Addiction Technology Transfer Center of New England.

**Fee:** NHADACA Members: Free, Non-Members \$15.
